Thank you for your time today and all the feedback.

We appreciate the information and want to make sure we are doing our best to work with you on archiving your goals. Please see a quick update from the paid team below, and for allowing us the time to continue to make improvements on the new strategy and current campaigns on your behalf.

Currently, the Paid Media team is working on:

EXHIBIT 45

- Make super specific audiences related to law-jobs.
 Run the test for 3 days and asses again for now.

2. LinkedIn Working on optimizing the audiences by going as specific as possible with those people that should be interested in the IME services.

3. Programming and A,B,C testing the New Creatives.

Almost ready for your review, the "us vs competition" approach assets.

Please see the link to the new video assets we are working on and let us know your thoughts.

Action items that I'm working on getting over to you as soon as I can are listed below.

- . Us VS them Ad Assets
- Email Reporting Email Data lists
- New campaign data lists based on targeted areas/audiences.
 New Paid Media Strategy for Feb.

I also have the team going over the video content you mentioned that says disposed and needs to be changed to deposed. Once this is edited we can continue to use it for marketing.

Please let us know your thoughts and feedback on everything above.

THE TOTAL WILL THE THEOPORTORIES

No-fault insurance companies and health insurance companies want to discontinue making payments for medical treatment.

Insurance companies cannot discontinue payments for medical treatment without a doctor's report.

The doctors are hired by insurance companies that pay for the medical exams.

These doctors perform many medical exams all day long. Each exam usually takes only minutes, and the doctors' income from doing IMEs can be as high as 6-7 figures per year.

The doctor hired by the insurance company is not your doctor.

Hi Safa.

Hope your week is going well.

Please let me know if you are available for our meeting today. I'd love to hear about any lead feedback you have for the team as well as any copy updates you were able to provide on the website.

Currently, we are building out a bigger database for you based on the locations we went over in our meeting last week. I also have the team working on Us vs them tactic ads for both personas and should have updates on those by next week.

The team had also asked if you had any testimonials or reviews that we could use for any future content.

Looking forward to hearing from you soon.

Hi Safa

Again thank you so much for your time today.

As we discussed you will need to send us some of the testimonials and reviews as well as the percentages and stats on how successful your company and services have been for all the clients you've worked with.

If you have any contacts that you want us to work on reaching out to or building more data lists on please let me know what those are. Currently, we are working on getting new data based on your feedback from today and our last meeting.

Our paid media team will be moving forward with the current updated assets and creatives we have based on your edits from last week. We are also going to be working on developing new assets and cleaves we have based only our ears from last week. We are also going to be working on developing new assets based on Us vs them style ads as this is the type of tactic you have been mentioning on our calls and it is a great tactic to use and test out. The only thing we may need from you are some bullet points on differences or things that make your team and services different from the rest. Having the top 5 points would be great.

As for the HubSpot account please continue to follow up with leads and make sure that you fill in and dave the lead status so our team can keep track of the lead quality and know how to improve on the campaigns. The paid media team will also update any categories we can in Linkedin to make sure we are getting the best results moving forward.

Please see the PageProof link below for the website. If you want to go in and edit some of the copy, it is really easy to use the editing tool on the left. The pencil will turn red and you can take your mouse cursor and go over the sections you want to leave notes on. You will see a box pop out on the right side. Once you add the note in the box make sure you click on the green arrow to save the comment for the team to go over and update.
